ABOUT THIS REPORT

IN THIS REPORT

This report contains a summary of crime statistics for York Regional Police pertaining to incidents reported between January 1 and December 31, 2009. A one-year and five-year comparison is made. Miscellaneous statistics are also included.

HOW ARE CRIMES COUNTED?

York Regional Police publishes crime statistics based on the number of reported violations using the Incident-based Uniform Crime Reporting (UCR2) methodology. UCR2 classifies incidents according to the four most serious violations in the incident (generally the violations which carry the longest maximum sentences under the *Criminal Code*). Violent incidents are classified differently from other types of crime. For violent crime, a separate incident is recorded for each victim. In categorizing incidents, violent violations always take precedence over non-violent violations. For the purposes of this report, all violations within an incident are included and robbery violations are counted per incident.

All data in this report is based on reported crimes and represents a “snapshot” at the time of extraction from the records management system at year-end. Unless otherwise noted, any updates or revisions to data for the years previous to 2009 are not reflected in this report.

MAKING COMPARISONS

Unless otherwise noted, all crime statistics in this report are compiled using Incident-based reporting methodology. These statistics should not be compared with those provided by the *Canadian Centre for Justice Statistics* (CCJS), a division of *Statistics Canada*, who publish the data received to an Aggregate-based UCR2 format which measures only the most serious offence related to an incident. In addition, CCJS includes the number of offences reported by the Toronto North Detachment of the Royal Canadian Mounted Police with York Regional Police’s crime statistics.

CCJS data should be used for comparisons between policing jurisdictions because all data is compiled using the same reporting methodology.

TERMINOLOGY

Actual totals include only those incidents for which an occurrence report was made and have been substantiated through police investigation.

ATM robberies include robberies at ATM machines within financial institutions or at stand-alone locations where the victim is approached and forced to withdraw

money or is robbed as they are leaving the machine.

Calls for service occur when information is provided requiring a police response that generates an incident number.

Car Jacking includes robberies where the intent is to steal a motor vehicle with the use or threat of violence against the person(s) in care or control of that vehicle.

Clearance rates are calculated by the number of violations cleared by charge or otherwise (persons processed by other means) divided by the number of violations. These violations may not necessarily have occurred during the reporting period but some time prior.

Crime rates are expressed as a rate per 100,000 population using year-end population estimates supplied by the York Region Planning and Development Services Department and have been rounded to two decimals.

Criminal incident refers to a set of connected events which usually constitute an occurrence report. One incident can include more than one violation.

Deposit robberies include robberies where a business deposit is stolen from a person using force.

Financial robberies include robberies occurring at banks, credit unions, or involving armoured cars.

Hate crime means a criminal offence committed against a person or property which is motivated by the offender's bias, prejudice or hate based on race, national or ethnic origin, language, colour, religion, sex, age, mental or physical disability, sexual orientation, or any other similar factor.

Home invasion is an intrusion into a residence with the intent of robbing the occupants therein.

Offence is defined as a statistical fact for aggregate-based reporting. This terminology is not used in incident-based reporting.

Other robberies include robberies that do not meet the criteria for any of the other categories. Examples include hotel robberies, robberies by uninvited guests at house parties, and break and enter occurrences that result in a robbery occurring.

Retail robberies include robberies occurring at retail or commercial premises including convenience stores, restaurants/fast food establishments, massage parlours, gas stations, and donut/coffee shops.

Street robberies include muggings and intimidation style robberies and all other robberies by force or threat of force that occurs in a public place.

Violation refers to a contravention of the *Criminal Code, Federal, or Provincial Statutes*.

Young person refers to a person aged 12 - 17 years inclusive (*Youth Criminal Justice Act*).

Youth refers to a person under the age of 18 years.

Youth crime refers to the number of youths formally charged plus processed by other means for committing a criminal or federal offence.

TYPES OF VIOLATIONS: INCIDENT-BASED REPORTING

Crimes Against Persons are crimes involving aggressive action (with the intent to do harm) or threat of such action by one person against another. These include violations causing death, attempt capital crime, sexual assault, assault, robbery and other violent violations, and violations/deprivation of freedom.

Violations Causing Death include murder 1st degree, murder 2nd degree, manslaughter, infanticide, criminal negligence cause death, and other related offences causing death.

Attempt Capital Crime violations include attempted murder and conspiracy to commit murder.

Sexual violations include aggravated sexual assault, sexual assault with a weapon or cause bodily harm, sexual assault, and other sexual crimes (including sexual interference, invitation to sexual touching, sexual exploitation, incest, anal intercourse, and bestiality). Effective April 1, 2008, this category also includes corrupting morals of a child, voyeurism and luring child via computer.

Assault violations include aggravated assault, assault with a weapon or cause bodily harm, assault, unlawfully cause bodily harm, discharge firearm with intent, assault peace/public officer, criminal negligence cause bodily harm, and other assaults. Effective April 1, 2008, this category also includes use firearm/imitation in commission of offence and point firearm.

Robbery and Other Violent Violations include robbery, extortion, criminal harassment, uttering threats, explosives causing death/bodily harm, arson disregard for human life, and other violent violations. Effective April 1, 2008, this category also includes intimidation of a justice system participant, intimidation of a non-justice system participant, and indecent/harassing telephone calls.

Violations/Deprivation of Freedom include kidnapping (forcible confinement), hostage taking, and abduction.

Crimes Against Property involve unlawful acts with respect to property but do not

involve the use or threat of violence against an individual. These include arson, break and enter, theft, have stolen goods, fraud, and mischief.

Drug violations include violations under the *Controlled Drugs and Substances Act* and the *Food and Drug Act*. These violations are comprised of possession, trafficking, and importation/exportation or production of various illicit controlled drugs and substances.

Weapons violations include violations under the *Criminal Code* which involve any thing used, designed to be used or intended for use in causing death or injury to any person or used for the purpose of threatening or intimidating any person. These include possession, use (effective April 1, 2008, this category is included in assault violations), trafficking, pointing (effective April 1, 2008, this category is included in assault violations), unauthorized import/export, firearms documentation and administration, and unsafe storage.

Public Morals violations include prostitution, indecent acts, production/distribution of child pornography, gaming and betting, and public morals.

Other Criminal Code violations include the remaining non-traffic *Criminal Code* violations that are classified as neither violent nor property violations. These violations are divided into two parts:

Part A: include bail violations, counterfeiting currency, disturb the peace, escape custody, luring a child via computer (effective April 1, 2008, this category is included in sexual violations), obstruct, unlawfully at large, trespass at night, fail to appear, breach of probation, and threatening/harassing telephone calls (effective April 1, 2008, this category is included in robbery and other violent violations).

Part B: include offences against public order, offences relating to terrorist activity, offences against administration of law and justice, invasion of privacy, offences against the person and reputation, offences against the rights or property, fraudulent transactions/contracts and trade, intimidation of justice system participant, wilful/forbidden acts/respect of certain property, offences related to currency, proceeds of crime, attempts/conspiracies/accessories, offences relating to criminal organization, and all other criminal code.

Federal Statutes violations include violations under all other federal statutes. They include the *Bankruptcy Act*, *Income Tax Act*, *Canada Shipping Act*, *Public Health Act*, *Customs Act*, *Competition Act*, *Excise Act*, *Immigration Act*, *Firearms Act*, *National Defence Act*, *Young Offenders Act*, *Youth Criminal Justice Act*, and *Other Federal Statutes*.

Traffic violations include all traffic violations under the *Criminal Code*. These include dangerous operation, evade police, impaired related violations, street racing, and other criminal traffic violations.

Other Criminal Traffic violations include fail to stop or remain and drive while

prohibited.

CHANGES IN REPORTING METHODOLOGY

In 2005, York Regional Police replaced the existing Records Management System (July 17th) and Computer Aided Dispatch (November 6th). This new application will accommodate the growth of the organization and meet legislative and reporting requirements. Included in the reporting requirements was the migration to the most recent version of the Uniform Crime Reporting Survey (UCR) 2.2. Although the principles are the same, there are some changes in scoring rules that may affect our 2005 crime statistics. Caution must be used when comparing these data with previous years.

In December 2006, Bill C-19 received royal assent amending the *Criminal Code* by making street racing an offence. To correspond with this, *Statistics Canada* implemented violation codes relating to dangerous operation while street racing. These violation codes fall under the Criminal Code Traffic category.

In June 2007, Bill C-59 received royal assent amending the Criminal Code to address the illegal recording of movies in theatres. To correspond with this, *Statistics Canada* implemented a violation code for the unauthorized recording of a movie. This violation code is included in the “Other Criminal Code” category.

In April 2008, multiple changes were made to the reporting methodology of Incident-based reporting by the *Canadian Centre for Justice Statistics - Statistics Canada*. These included extractions of certain components formerly part of multi-offence codes, code repositioning from one crime category to another, or aiming to respond to statistical needs expressed by their stakeholders. The following is a list of changes that have an impact on the reporting of crime within this report:

Corrupting Morals of a Child – moved from “Other Criminal Code Part A” to “Crimes Against Persons”

Luring a Child Via a Computer - moved from “Other Criminal Code Part A” to “Crimes Against Persons”

Voyeurism - moved from “Other Criminal Code Part A” to “Crimes Against Persons”

Use Firearm (or Imitation) in Commission of Offence – moved from “Weapons Violations” to “Crimes Against Persons”

Pointing a Firearm - moved from “Weapons Violations” to “Crimes Against Persons”

Intimidation of a Justice System Participant or a Journalist – moved from “Other Criminal Code Part B” to “Crimes Against Persons”

Intimidation of a Non-Justice Participant - moved from “Other Criminal Code Part B” to “Crimes Against Persons”

Harassing Phone Calls – moved from “Other Criminal Code Part A” to “Crimes Against Persons”

Utter Threats to Property/Animals – moved from “Other Criminal Code Part B” to “Other Criminal Code Part A”

Public Incitement of Hatred - moved from “Other Criminal Code Part B” to “Other Criminal Code Part A”

Due to these changes, caution must be used when making one or five-year comparisons between Crimes Against Persons, Other Criminal Code, and Weapons Violations.

Prior to 2009, motor vehicle collisions that were reported to the York Regional Police Collision Reporting Centre were entered into a stand-alone database (YRPCOL). Beginning in 2009, these collision reports were entered into the York Regional Police Records Management System (Versadex RMS). Due to this business practice change, the number of Criminal Code Fail to Remain violations increased significantly. This must be noted when making comparisons with the Traffic Violations data.

In 2009, new dispatch call types of fraud intake and vital signs absent were introduced.
